

# PRO SAFETY GEARS

FIRE GLOVES THAT  
GIVE YOU THE  
**PROTECTION**

**STRUCTURAL & NON-STRUCTURAL PROTECTIVE GLOVES**

# PREFACE

Pro Safety Gear is a big manufacturer and supplier of all kinds of safety gloves that protect people against life-threatening situations. We introduced a variety of safety gloves which is used by workers all over the world in a fire service, travelling, mining industry, construction field, petrochemical, military and mechanical industry. Our safety gloves Protects the hands from injuries, oil, grease, abrasion, and fire. Our priority is safer, healthier and more productive work places, so workers could work in a healthy and safe environment. Our safety gloves improve workers' efficiency.

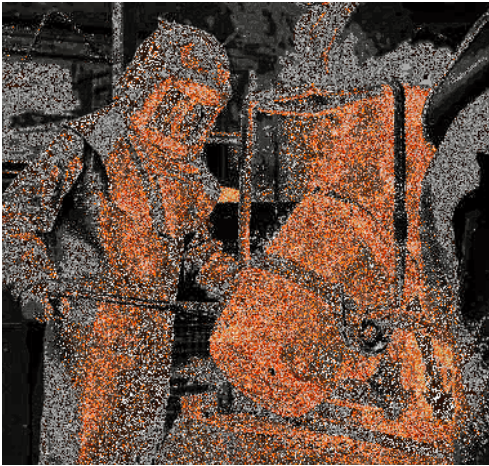

We are the exclusive Manufacturer and wholesalers of safety gloves, and successfully introduced and established Pro Safety gloves brand. Our company is located in Sialkot. We only offer the highest quality safety gloves. Because when it comes to safety, our first priority is your protection.

We are committed to complying with our Quality Management System, Customer care and safety requirements. Manufacturing a safety product that works and is welcomed by workers can be a challenge. It takes expertise and know-how to find a solution that provides superior protection as well as comfort for workers.

**Our safety glove is the best choice for your workers protection.**

# EXTRICATION GLOVES

A close-up photograph of a firefighter's hands wearing high-visibility yellow and green extrication gloves. The firefighter is using a power tool to cut through a metal surface, with a shower of sparks flying from the point of contact. The firefighter is wearing a tan jacket with a black patch on the sleeve. The background is blurred, showing other people in blue uniforms.

# WELDING GLOVES

A close-up photograph of a welder in a dark, industrial setting. The welder is wearing a large, dark protective mask with a clear viewing window. They are wearing heavy-duty, dark-colored welding gloves. The welder is holding a welding torch, and a bright, intense light is visible at the point of contact with the metal, causing a large spray of bright orange and yellow sparks to erupt. The background is dark and metallic, with some reflections of light.

## WELDING GLOVES

Welding gloves are personal protective equipment (PPE) that protect the hands of welders from the hazards of welding.

# POLICE SAFETY GLOVES

A pair of olive green tactical police safety gloves is shown in a close-up, angled view. The gloves feature a textured, ribbed palm side and fingers for enhanced grip. They have a rugged, multi-pocket design with various reinforced areas. The background is dark and slightly out of focus, showing what appears to be a piece of tactical gear or a uniform.
